Number of contents: 10**MOJODA SITE INSPECTION**

Within the same period, we went for 1 inspection in Mojoda, Epe with 1 client. It was discovered that one of the developers had fenced the access road that was being used due to issues with the main route. The plan is to have conversations with the other developers to start working of clearing the main access route.

DeeDee Realtors Community

The realtors' community is planning a Realtors Meet and Greet for June and plans will begin to take place actively from next week.

Other Matters

- Emmanuel has received the external hard disk Seagate Backup Plus 1TB file storage, and the raw files will be copied into the drive. He gave feedback on the file type in which he said that the file type is only accessible from a Macbook which he doesn't have so he returned the hard disk today.
- The Alcatel phone doesn't have the capacity for WhatsApp Business, Instagram, or other apps.
- The furniture man has been contacted concerning the storage shelf for the media equipment.
- We haven't been able to run sponsored ads as planned because funds weren't released. It will be moved to June.
- Made inquiries towards AMCON to which MD said she would contact her contact to address it more adequately.
- The script Mr. Akinlabi sent to MD hasn't yet been forwarded to me and I am waiting on other conversations as to when the production will be done.
